

# Strategic Plan AY2016 – AY2020

**EDUCATION THAT WORKS**

# Career-focused education for real-world jobs.

## Vision

Teach every individual; serve every business.

## Mission & Purpose

Advance the knowledge of individuals to enrich lives and develop workforce opportunities. *Gwinnett Tech, a unit of the Technical College System of Georgia, is a public two-year college that serves the communities of Gwinnett and North Fulton by offering campus and distance learning for associate degrees, diplomas, and certificates in credit programs; as well as adult and continuing education training.*

## Values

What we have:

- Integrity: *We say what we mean, we treat people with respect, and we honor our promises.*
- Commitment: *We are devoted to our job, accountable to our students, our peers and our leaders.*
- Excellence: *We strive to excel in all we do.*

What we provide:

- Customer focus: *We believe that the students and businesses we serve are our customers and we strive to consistently meet or exceed their expectations.*
- Adaptability: *We embrace diversity and are resilient in our goal to serve an all-inclusive audience.*
- Leadership: *We recognize our duty to lead our students and serve our community.*
- Lifelong learning: *We believe education to be the paramount foundation for continuing success.*
- Innovation: *We foster an environment that nurtures creativity and emerging technologies.*

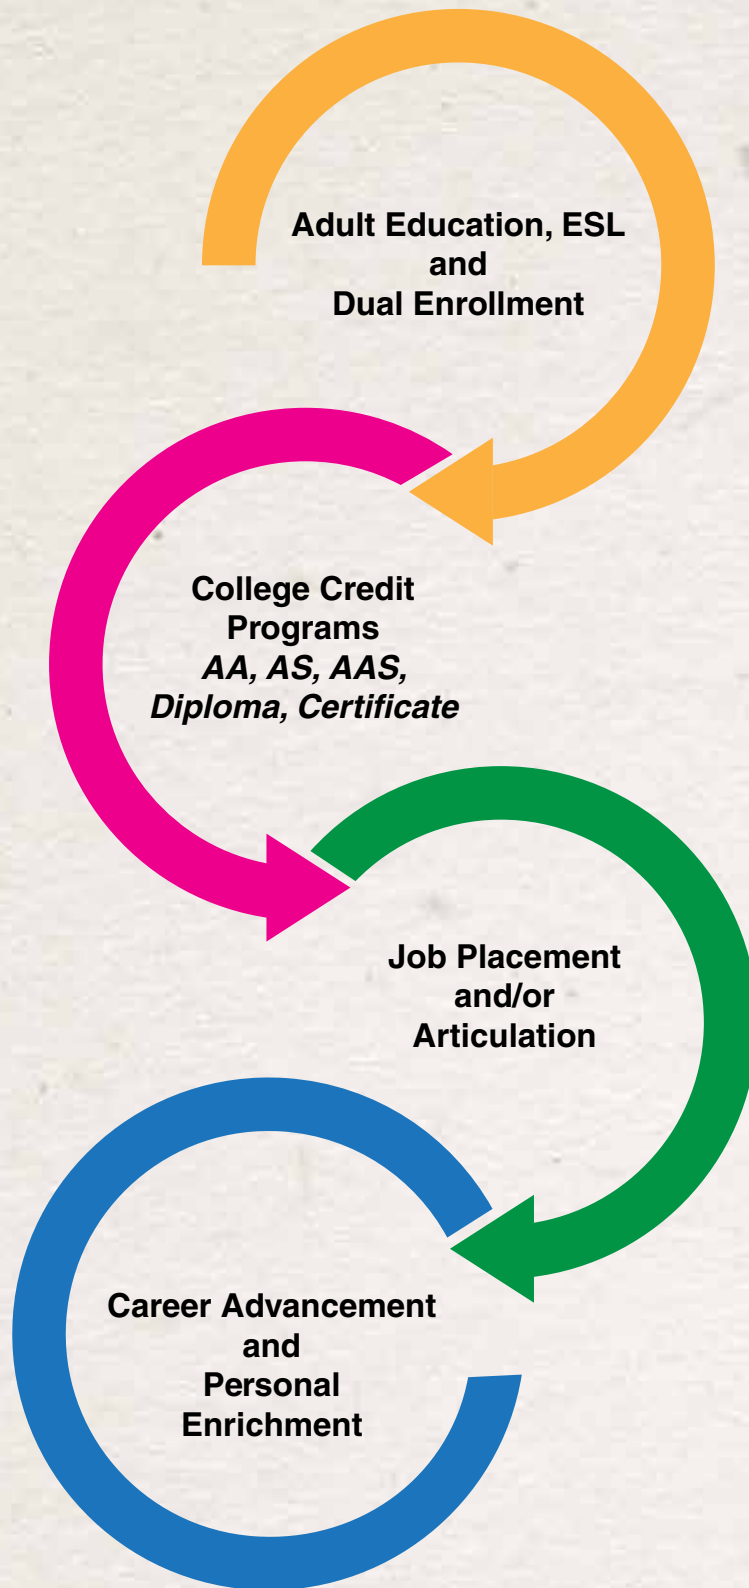

## LETTER FROM THE PRESIDENT

Gwinnett Technical College (GTC) has placed planning, assessment, evaluation and action as the core tenets of all processes and operations of the College. The College has chosen to plan, not based on resources we have, or capabilities that are known, but to embrace planning and strategic vision on what we believe the College should, can and will be. Our Strategic Plan is based on data and analysis, involving current and future stakeholders in the College. We believe the plan identifies strategies to address our opportunities for improvement while capitalizing on our strengths. Planning ensures we continue to provide the services our students and business community need in order to provide the best opportunities for success. Planning ensures we are good stewards of limited resources in a highly competitive world. Strategic planning and continuous critical analysis ensure GTC remains a viable and essential component of the community, influencing the socioeconomic well-being of our Gwinnett and North Fulton County service areas. GTC's Strategic Plan identifies goals and strategies, moving the College into an even more important role as the connector of education, careers, business, service and success.

Dr. D. Glen Cannon  
President

 Tracy Sewell, Student

### Strategic Planning Committee:

Mike Price, Board of Trustees  
 Garfield Anderson, Faculty  
 Jeremy Bennett, Dean  
 Cher Brister, Continuing Education  
 Carlton Calhoun, Adjunct Faculty  
 Sharonne Calvin, Bursar  
 Elissa Checov, Library  
 LaShantá Cox, Human Resources  
 William Crissman, Institutional  
 Research & Effectiveness  
 Jessica Diedrich, Retention  
 Gail Edwards, Dean

## PLANNING TIMELINE

To kick off the strategic planning endeavor, the College leadership team met to develop a solid leadership vision to drive the College-wide committee planning process by discussing where Gwinnett Tech should be in five years and what is most important to the College and its community. Following two full-day sessions, the entire strategic planning committee developed a significant body of goals and objectives that could be formulated into strategic goals and College goals. The leadership met and approved these goals for the final strategic plan to allow for further division and departmental objectives and projects to support the College's plan.

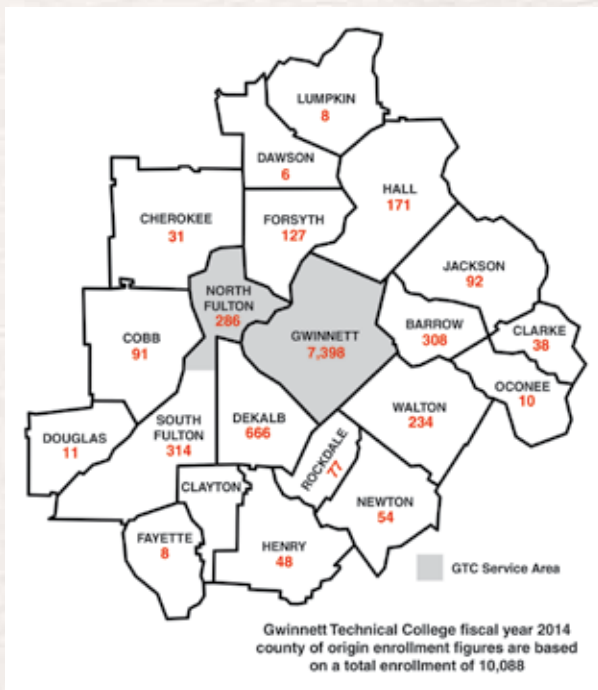

Leadership Team Meeting	Full Committee Meeting	Full Committee Meeting	Leadership Team Meeting	5-year Plan Finalized
March 11, 2015	March 25, 2015	May 27, 2015	June 24, 2015	July 1, 2015

## FIVE-YEAR LEADERSHIP VISION: THE COLLEGE FOR THE COMMUNITY

Gwinnett Technical College will be a true **College for the Community** by:

- **Supporting** the whole community by providing pathways for lifelong learning at all junctures, and growing the populations served through robust adult education, dual enrollment, credit and continuing education options.
- **Enhancing** workforce partnerships to provide relevant intern and apprenticeship opportunities, programming that exceeds business and industry needs and increased hands-on learning for students and faculty to be at the forefront of training.
- **Striving** to be the FIRST choice, the best and the trendsetter institution through innovative programs, instruction, services, facilities and use of technology.
- **Enriching** global connections to supplement the abundant diversity on campus.
- **Operating** with social and fiscal responsibility and by giving back to the community and serving as a good corporate citizen.

## COLLEGE DATA

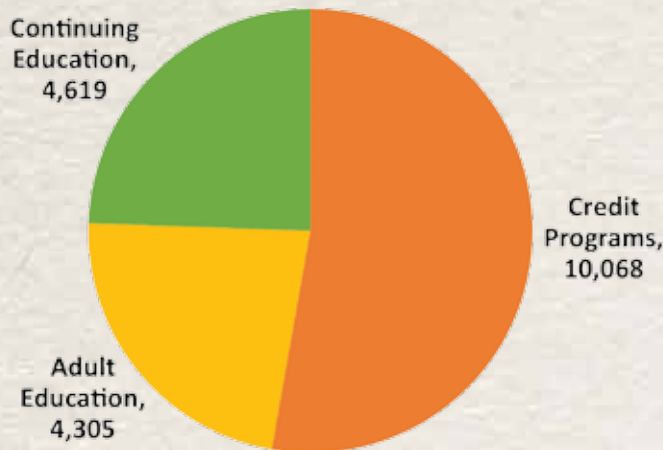

The College used multiple aspects of student data to consider where it's been and where it needs to go. Data collection from student enrollment and graduation patterns, regular internal College surveys, business/industry/occupational trends, work on Achieving the Dream and Complete College Georgia initiatives, as well as external satisfaction inventories, provided the framework for this strategic plan and ongoing College goal development. Subsequent pages provide a glimpse of the data.

### Top Five Counties by Enrollment

1. Gwinnett
2. DeKalb
3. Barrow
4. North Fulton
5. Walton

## ENROLLMENT INFORMATION

In celebrating its 30th anniversary, Gwinnett Technical College has experienced enviable growth, doubling enrollment from 1995 to 2013. Over half of the College's enrollment stems from credit programs (associate degrees, diplomas and technical certificates of credit), while the remaining half is closely split between adult education and continuing education divisions. These three areas compose the College's dedication to lifelong learning, meeting students wherever they are in their educational journey and helping them achieve success whatever their goals may be.

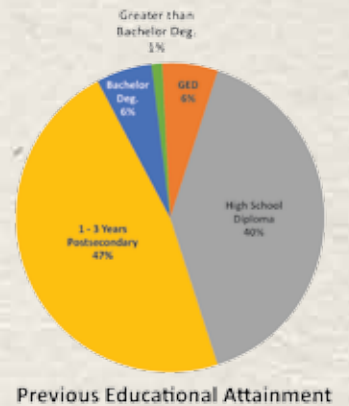

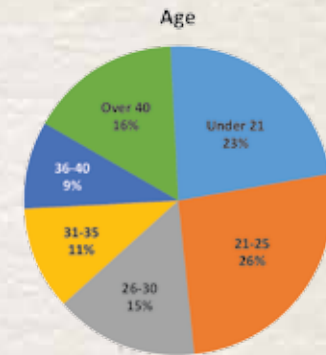

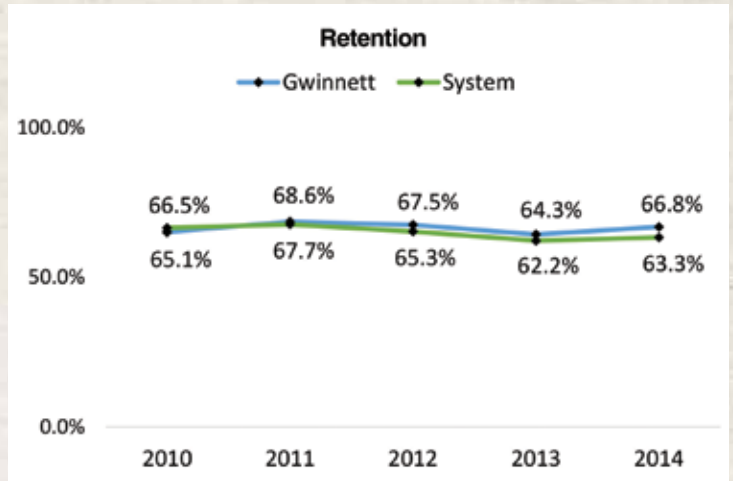

The majority of the College's credit enrollment lies in the Health and Life Sciences program areas, followed by Business and the Computer Sciences. However, Gwinnett Tech still maintains a substantial enrollment in its Automotive, Construction and Trades programs. The College boasts program offerings for any type of student with almost any interest who has decided that Gwinnett Tech is the right place to pursue their educational endeavors to obtain a career or continue their studies.

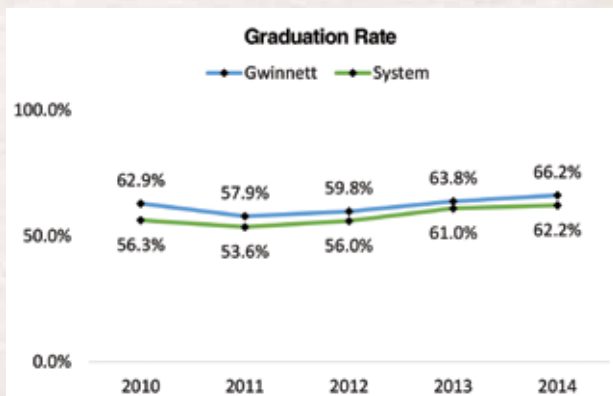

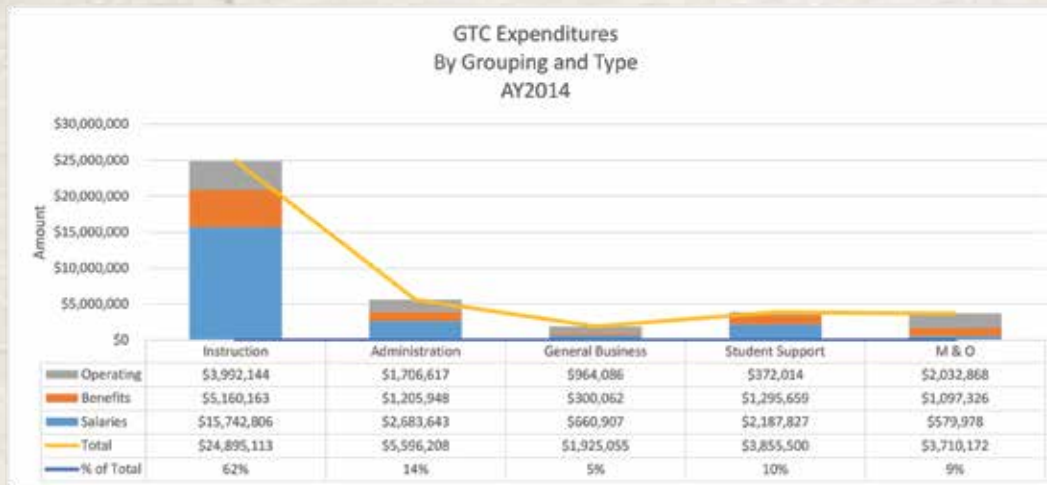

Gwinnett Tech is the most diverse technical college in the state with 63 percent of its credit student population of a minority race. The College maintains a slightly higher enrollment of women than men. In addition, the age demographics have been ever changing. The College is seeing an uptick in enrollment of a younger group of students, with nearly 50 percent of all students now being under age 25. In addition, nearly half of all credit students have already experienced one to three years of college prior to enrolling at GTC. Retention rates for Gwinnett Tech continue to exceed the system average as the College focuses on initiatives with Achieving the Dream and Complete College Georgia to enhance services and implement programs that consistently evaluate and support retaining students in programs through to graduation.

Being the first in the system to confer more than 3,000 awards was a significant achievement for GTC; however, the College has far surpassed that as it plans to exceed 4,000 in 2015. Individual graduate numbers remained at about 1,600 for the past several years, but are on track to exceed 2,000 this year. Graduation rates have increased over the past few years and the College rate continues to exceed the system average. Most notably, the College boasts a 98 percent job placement rate for graduates, which indicates the value placed on working with business partners to ensure jobs are available for its graduates.

## FINANCIAL DATA

Gwinnett Technical College is primarily funded through tuition and fee revenue with moderate support from state appropriations.

### GTC Funding Sources AY2014

Federal	\$	3,046,884.74
State	\$	13,503,760.21
Internally Generated	\$	23,739,537.58
<b>Total</b>	<b>\$</b>	<b>40,290,182.53</b>

## FACILITIES AND SERVICE AREA INFORMATION

Location	Building	Square Footage	Originally Built

<b>Alpharetta-North Fulton</b>	A	95,000	2015

- Gwinnett Technical College's Service area is Gwinnett County and North Fulton County.
- North Fulton was added to the service area in June 2010.
- According to EMSI Analyst, the population of GTC's service area was 1,171,563 in 2014.
- GTC's service area is home to seven Fortune 500 companies: AGCO, NCR, Primerica, Rock-Tenn, UPS, Newell Rubbermaid and First Data.
- Gwinnett cities include: Auburn, Berkley Lake, Braselton, Buford, Dacula, Duluth, Grayson, Lawrenceville, Lilburn, Loganville, Norcross, Peachtree Corners, Rest Haven, Snellville, Sugar Hill and Suwanee.
- North Fulton cities include: Sandy Springs, Alpharetta, Roswell, Mountain Park, Johns Creek and Milton.
- Service area adjacent counties include: Barrow, DeKalb, Forsyth, Fulton, Hall, Jackson, Rockdale, Walton, Cherokee and Cobb.

## COMMITTEE WORK

### Identified Stakeholders

- **Government**
  - Local government officials
  - State officials
  - Technical College System of Georgia
  - Legislators
- **Business owners**
  - Film industry (media)
  - Peach State Credit Union
  - IT
    - Cisco
    - Primerica
    - Dell SecureWorks
  - Healthcare/medical
    - Gwinnett Medical Center
- **Children's Healthcare of Atlanta**
  - Northside Hospital
  - McKesson
- **Donors**
  - Businesses
  - Individuals
  - Family foundations
  - Goodwill
- **School systems**
  - Gwinnett
  - Buford
  - North Fulton
- **Chambers**
  - Gwinnett Chamber of Commerce
  - Greater North Fulton Chamber of Commerce
- **SACS COC**
- **Students**
- **Four-year higher education partners (articulation – transfer)**
- **Parents of students**
- **Board of Directors**
- **Board of Trustees**
- **Faculty and staff**
- **Advisory Committees**

Input was gathered from a representative of each stakeholder group. Questions presented for consideration by these stakeholders included: Workforce needs 3–5 years from now (businesses)? How are students transitioning now and in the future? What does innovation look like to you, in terms of what we do and how we do it? What will the workforce look like 3–5 years from now in terms of skill sets? Continuing education for senior groups—what works at other colleges?

## EXTERNAL IMPACT FACTORS

In addition to the questions on the previous page, those interviewed from each stakeholder group were asked to assess whether each identified factor would have a positive impact, a negative impact, or both. The answers were organized into six categories.

### Expanding Competition

#### **Positive**

Industry partnership  
Alumni and businesses

#### **Both**

Brand recognition – advertising  
Relationship management

Online and distance education opportunities – technical barriers  
Community education

#### **Negative**

International

### Demographic Shifts/Student Needs

#### **Positive**

Dual enrollment  
Community partnerships

Limited family resources for \$, support, kids

Diverse program interests  
Multi-demographic interests  
Community partnerships  
Current workforce training-on site  
Financial literacy issues  
Need more than degree, also need experience (internships)  
Financial need to work leads to need more evening/week end/mobile learning options  
Diverse population needs  
diverse language offerings

#### **Negative**

Tuition assistance caps, lowering  
Technology “causing” communication  
Entitlement mindset affects responses, \$, aid, expectation, job desires  
Attitude that everything is expected instantaneously  
Transportation challenges

#### **Both**

Gwinnett County continues to grow more diverse: good opportunities, tough to serve  
Middle class growth – little tuition assistance, cannot pay out of pocket increases  
Incoming student judgement: website/activities/area/tech/food  
Focus on healthy living: meet those needs

## EXTERNAL IMPACT FACTORS

### Government/System/DOE/BOR

#### **Positive**

Government – tuition – free  
Government – house bill – associate/HS  
Government – HOPE expansion  
Government – federal grants  
System - AA, AS  
DOE – dual enrollment

#### **Negative**

Government – control – system  
Government – fluid funding  
Government – HOPE changes  
System – funding/pay/ competition  
DOE – numbers program barrier

#### **Both**

Government – restructure of loans  
System – mergers  
System – boundaries, TCSG  
Also mentioned: DOE – GW/NF – career academies, BOR – GSU/GPC, 2+2, articulation, completion reports

### Business and Industry

#### **Positive**

Diversity of industries/types  
Depletion of workforce in key sectors (e.g. construction)  
Supply chain logistics  
Demographic shifts

#### **Negative**

None

#### **Both**

Aging workforce in key industries (manufacturing, auto, various trades)  
Construction evolving skill needs (across all industries)  
Internships  
Apprenticeships  
Globalization

STEM (+Arts)

Public/government and private partnerships

Also mentioned: Multiple skills and proficiencies (e.g. project management, computer skills, problem-solving)

## EXTERNAL IMPACT FACTORS

### Perception of Quality of Education

#### **Positive**

Employer perception high  
Best ROI

#### **Negative**

Place to go if you can't "get in"  
or "make it" in 4-year college  
2<sup>nd</sup> choice, don't think it is col-  
lege or university level  
education  
Cost "cheap" vs "affordable"

#### **Both**

Hands-on training  
Also mentioned: Need more:  
branding as a community  
college, marketing, blended  
learning, alumni – networking,  
partnerships for true seam-  
less transfers, not cheap, just  
more affordable, show can  
make same or more \$, inter-  
national diversity options/

international office, target  
first choice (e.g. nursing, EMT,  
etc.), getting name out to  
schools

### Funding/Resources

#### **Positive**

North Fulton: New donors, new  
partnerships, new students,  
internship opportunities  
Higher demand for online pro-  
grams/enrollment  
2+2 articulations  
Consortium agreements (GGC)  
Space (rental)

Economic conditions (doing  
well, new employees, people  
move to area, increase pro-  
grams/enrollment)  
Employer reimbursement

#### **Negative**

North Fulton: No operating funds  
(budget)

#### **Both**

Name change  
Recession (increased enroll-  
ment, layoffs, return to work-  
force/retool)  
Grants  
Also mentioned: State initiatives,  
focus on CE and GED conver-  
sion to credit, job market trends

## TRENDS SUMMARY

### I. Who is Gwinnett Tech and what integral role do we fill in the education system?

- Variety of perceptions of GTC
- Perception of GTC
  - Parents, students (HS, college)
  - HS counselors
  - Business community
  - Technical college vs. community college
  - Specialty areas – what are they and how do we differentiate ourselves
  - Next step, natural pathway
- Leads to an initiative regarding a very clear definition of who we are and why we matter
- Differentiation
  - Dual enrollment
  - Workforce development
  - Retraining (in general, 55+)
  - Supply chain logistics

### II. How will we market that definition of who we are?

- Opportunities for new partnerships in North Fulton
- New ways to have a “first contact,” which could lead to better retention
- Developing “degree enhancements”
- What are jobs in the trade due to a currently aging workforce
- Businesses need a workforce that is good at problem solving and GTC can develop those skills
- Apprenticeship pathways
- Development of a robust alumni association
- Sponsorship within the community

### III. Resource development—how will we fund GTC’s future direction?

- Need to close gap for what tuition doesn’t cover
- Need for new ways to develop revenue
- Will continue to have funding confusion
  - Ever changing
  - Federal/state influence on programs
  - Continuing education as incubator

# INTERNAL IMPACT FACTORS

The committee evaluated items pertaining to the external areas impacting the college, as well as those internal factors that were cause for assessment. Each item presented by the various groups was then evaluated to determine if it was an item to “keep, drop, add or modify” as it related to the next five years. The results were broken down by area.

	FACILITIES & OPERATIONS	SUPPORT FOR EMPLOYEES	COMMUNITY INVOLVEMENT	PROGRAMS	SUPPORT FOR STUDENTS	PROCESSES & PROCEDURES	TECHNOLOGY
<b>KEEP</b>	renovations in Bldg. 100	professional development (x2)	advisory boards	GAP (x2)	GAP (x2)	degree works

## STRATEGIC & COLLEGE GOALS

### SG1 Employee Enrichment

Create a culture of lifelong learning and GTC pride through professional development, team building and employee recognition.

**CG1.1** Establish opportunities for routine focused employee recognition.

**CG1.2** Encourage and support lifelong learning among employees.

**CG1.3** Create an environment that instills a campus culture of GTC pride through an improved onboarding process and recurring employee activities.

**CG1.4** Develop strategies to amplify team building among employees.

**CG1.5** Enhance opportunities for increasing teaching and instructional excellence.

### SG2 Facilities and Infrastructure Advancement

Create modern, inviting campuses with interactive spaces that support innovative life-long learning for the College community.

**CG2.1** Evaluate opportunities to renovate existing Lawrenceville campus buildings and grounds for developing engaging, student-centered spaces for enhanced learning and campus life activities.

**CG2.2** Seek partnerships with external organizations for collaboration of space.

**CG2.3** Assess needs for future building development on both campuses.

### SG3 Operation and Technology Excellence

Develop a robust, secure technology infrastructure to allow for seamless interactions within the GTC community (faculty, staff, employers, students, and alumni) in order to support students in their transitions from interest to employment.

**CG3.1** Ensure technology advances and use of resources are based on best practices and proven strategies, to meet student, staff and community needs.

**CG3.2** Seek and implement technology systems and improvements that will aid enrollment and retention by enhancing student experiences with recruitment, catalog, accessibility, instruction, social media and the College website.

**CG3.3** Implement supplementary support services to assist students with technology usage.

### SG4 Perception Elevation

Enhance the perception that GTC is a vital first choice for high-demand professions, successful careers and community partnerships.

**CG4.1** Assess marketing messages and communication plans to develop a cohesive body of materials that capitalize on GTC strengths, success stories, key partners, and targeted interests that increase understanding of our role, value and function within our community.

**CG4.2** Define GTC's unified brand to promote pride and involvement.

**CG4.3** Increase technology use and offer more virtual information options.

## STRATEGIC & COLLEGE GOALS

### SG5 Student Success Enhancement

Increase student success by providing flexible, supportive, innovative and engaging opportunities, and by leveraging technology and clear communications to create the best student experience.

**CG5.1** Assess and improve student communications.

**CG5.2** Effectively use technology to enhance the student experience and expand centralized support hours offered to students at both campuses.

**CG5.3** Evaluate international student needs and support options.

**CG5.4** Enhance support services to meet the needs of all students and businesses.

**CG5.5** Develop ways to create connectedness among credit, adult and continuing education programs.

### SG6 Programs and Workforce Development

Enhance programs, offerings and certification exams to prepare students to confidently enter diverse employment environments.

**CG6.1** Align credit and continuing education programs for seamless transition.

**CG6.2** Increase collaboration with business and industry partners to provide students with internship and/or apprenticeship opportunities.

**CG6.3** Pursue AS and AA degree offerings for seamless student transition to four-year education partners.

**CG6.4** Capitalize on state dual enrollment changes to increase Move On When Ready opportunities and participation.

**CG6.5** Ensure the college meets or exceeds state annual benchmarks.

## STRATEGIC IMPACT TEAMS

### Curriculum Committee

#### Leadership Liaison, Vice President, Academic Affairs

The Curriculum Committee serves to amplify the competitiveness of our students as they enter diverse employment environments. The committee aims to augment students' academic experiences across a variety of domains, while ensuring that the College is achieving annual state benchmarks. Topics of focus include: aligning credit and continuing education programs for seamless transitions, strengthening collaboration between GTC and industry partners to increase experiential learning opportunities, expanding our degree offerings to facilitate transitions to four-year education partners, capitalizing on state dual enrollment changes to heighten Move-On-When-Ready participation and developing methods to enhance student work ethic.

### Technology Committee

#### Leadership Liaison, Executive Vice President, Administrative Services

The Technology Committee provides guidance and expertise in the design and construction of a technology infrastructure that will facilitate student success, allow for seamless interactions within the GTC community and enhance the experiences of GTC constituents. The committee provides solutions to critical issues with technology resources, pioneers the advancement of campus technology and ensures that resources are being maximized to fulfill campus needs. The committee also cultivates supplementary support services to assist students with technology usage.

### Distance Education Committee

#### Leadership Liaison, Vice President, Academic Affairs

The Distance Education Committee provides oversight for matters pertaining to the improvement of GTC's distance education, particularly online and hybrid course offerings. The committee also supports the Quality Enhancement Plan Committee with the implementation of its efforts to strengthen GTC's distance education for both students and instructors.

### Operations Committee

#### Leadership Liaison, Executive Vice President, Administrative Services

The Operations Committee stimulates growth and renovation by developing strategies to modernize campuses that foster and support a culture of life-long learning for the College community. The committee evaluates opportunities to renovate and develop engaging, student-centered spaces within existing GTC facilities, seeks partnerships with external organizations for collaboration of space and assesses the needs for future building development on both GTC campuses.

## STRATEGIC IMPACT TEAMS

### Employee Enrichment Committee

#### Leadership Liaison, Vice President, Institutional Advancement

The Employee Enrichment Committee promotes a culture of GTC pride by developing inventive opportunities for professional development, team building and employee recognition. The Employee Enrichment Committee also focuses on expanding opportunities to strengthen a culture of lifelong learning among employees, and creating innovative opportunities to enhance teaching and instructional excellence amongst GTC faculty.

### Perception Elevation Committee

#### Leadership Liaison, Vice President, Institutional Advancement

The Perception Elevation Committee works to establish and promote GTC's perception as a vital first choice for workforce development, successful careers and community partnerships. The committee evaluates and improves marketing and communication strategies to enrich the understanding of GTC's role, value and function within the community. The committee also works toward defining the GTC brand to promote pride and involvement among the College's constituents.

### Student Success Committee

#### Leadership Liaison, Vice President, Student Affairs

The Student Success Committee is responsible for developing and implementing flexible, supportive, innovative and engaging opportunities across the College to nurture student success. The committee devises ways to leverage technology to bolster student communications and enhance support services to meet College and community needs. The committee assesses international students' needs and implements appropriate support options. Moreover, the committee develops ways to create connectedness among GTC's credit, continuing and adult education programs. The committee also provides support with carrying out the mission and strategies of the Complete College Georgia and Achieving the Dream initiatives.

### Business & Industry Outreach Committee

#### Leadership Liaison, Vice President, Economic Development

The Business & Industry Outreach Committee works to strengthen ties between Gwinnett Tech and area companies through educational programs, workforce training and industry-specific assistance. The committee focus includes aligning credit and continuing education programs for seamless transitions and strengthening collaboration between GTC and industry partners to increase experiential learning opportunities. These efforts are intended to support a symbiotic relationship between the College and businesses to support economic development in our communities.
