5.1.11 GT TCSG Live Work/Instructional Service Projects

The Gwinnett Technical College adheres to the TCSG 5.1.11: Live Works Policy (<https://tcsq.edu/tcsqpolicy/files/5.1.11.pdf>)

In addition to the TCSG policy, Gwinnett Technical College stipulates the following: Live Work is defined as an activity that involves students working on a patron or items that belong to a person and are not the property of Gwinnett Technical College. It is solely the instructor's responsibility to ensure that instructors and students do not benefit personally/financially from use of labs and equipment in the performance of live work.

Each instructional program performing live work must comply with this stated policy and in addition must customize the policy to the respective area for which it is being used.
