5.2.5 GT Special Populations and Disability Services

A student who has a **disability or requires support services** should notify the special populations coordinator, located in Building 100/Room 323 or go to the Assistive Technology Lab located in Building 100/Room 321 for assistance.

Documentation of the disability is required in order to receive accommodations. This information is not part of the student's record but is kept in a separate, *confidential* file in the disability services office. Documentation requirements can be obtained in the Disability Services Office.
