### 5.2.5 GT Special Populations and Disability Services

A student who has a **disability or requires support services** should notify the special populations coordinator, located in Building A/Room 515 or go to the Assistive Technology Lab located in Building A/Room 309 for assistance.

**Documentation of the disability** is required in order to receive accommodations. This information is not part of the student's record but is kept in a separate, *confidential* file in the disability services office. Documentation requirements can be obtained in the Disability Services Office.
