Gwinnett Technical College Radiologic Technology Degree Competitive Selection Application

The Radiologic Technology degree program requires the following courses to be completed by the application prerequisite deadline. Each course must be completed with a minimum grade of “C.” In addition to earning a minimum grade of “C” in each course, **an overall GPA of 3.00 must be earned in the required prerequisite courses.** A student may retake a course, however only the most recent attempt will be considered for the prerequisite GPA calculation used for this **initial screening process.** The final selection process will include additional criteria such as, prerequisite GPA, ATI TEAS Exam results, etc.

Please identify where and when each course was completed, and the letter grade attained. If you repeated a required course, please list information related to the **most recent attempt.** Gwinnett Technical College must have an official transcript on file for each college previously attended. Please view your Gwinnett Technical academic transcript through Self-Service BANNER Web to find the dates and grades for specific courses completed with Gwinnett Technical College.

				Total:	14		
Enter total from Column B		÷	Enter total from Column A		14	=	Cumulative GPA

*Course must have been completed within five years of the competitive program application prerequisite deadline.

Please initial next to each statement, signifying that you have read and understand the information; then sign and date below.

- I understand that I must be 18 years of age by the start of the Fall semester.
- I have attached an unofficial copy of my Gwinnett Technical College transcript downloaded from GwinnettTech.edu/dashboard/ and, if applicable, all my transfer credits are accurately reflected therein.
- I understand **FYES 1000** (unless exempt) must be completed with a “C” or higher to meet graduation requirements. Students are strongly encouraged to complete **FYES 1000, a Humanities Elective, PSYC 1101, SPCH 1101, and ALHS 1090** prior to the program start to meet graduation requirements.
- I understand that all prerequisites marked with an asterisk (*) above must have been completed within 5 year of the application deadline. BIOL classes completed prior to Summer Semester of 2021 will be considered expired. Expired classes must be retaken or an exemption exam passed within the current application cycle in order to apply. Information on exemption exams can be found at gwinnettech.edu/programs/assessment-testing-center/exempt-out-of-coursework/
- I understand that completion of prerequisite courses and meeting other minimum requirements does not guarantee selection to the program, as there are a limited number of seats available in the occupational and clinical courses. Candidate selection is based on a competitive selection process, which includes **prerequisite GPA of 3.00 or higher and ATI TEAS Exam Score of 75% or higher, mandatory orientation if you are a top candidate, etc.**
- Please be aware that our partner clinical sites are requiring students to complete their COVID-19 vaccine series. Each clinical site reserves the right to deny a student entry based on their own policies and procedures. If a student does not have all required immunizations and tests, the student may have limited access to clinical sites, which may delay or prevent program completion. As a result, successful completion of the program may not be possible.
- I understand this application, along with all course information and supporting documents (**driver’s license, Permanent Resident card if not a US Citizen, ATI TEAS Exam score report - no remote testing allowed, and unofficial transcript**), **must be emailed to HealthApp@GwinnettTech.edu by the application deadline of June 8th.** I also understand **incomplete packets will not be considered for the program.**
