

WELDING

INFORMATION SESSIONS

Gwinnett Tech's Welding Program hosts information sessions which provide an overview of program length, courses and requirements. Learn about the Welding and Joining Diploma, and Certificate options that include Gas Tungsten Arc Welding, Gas Metal Arc Welding, Flux Cored Arc Welding and Advanced Shielded Metal Arc Welding. Information sessions are open to all individuals interested in learning more about our welding program.

**Information sessions are held
Wednesdays at 1:30 p.m.
at the Lawrenceville campus,
Building A, Room 824.**

For Spring 2027 information
